

Monochord

ABOUT US

Dear Ladies and Gentlemen,

May I present you the catalogue of the Monochord music label, which I created in 2021 out of passion for creating music. I use over twenty years of experience in the classical music industry to develop a brand that aims to help young artists enter a very competitive music market.

Monochord gives you the opportunity to take advantage of a comprehensive offer including the full process of CD production (selection of repertoire, recording, graphic design, production of compact discs in the best quality, promotion among music critics and advertisement). The flexibility and diversity of Monochord's offer allows us to adapt to your needs and requirements.

I hope you find this catalogue interesting and I am looking forward to cooperate with you.

Yours faithfully,

Rafal Mokrzycki

HOW DO WE OPERATE?

Idea

We talk a lot about your idea of a CD and think together about the repertoire that will be the best at your stage of your career.

Terms

We set the dates when the recording is to take place and when the album is to be released.

Recording!

This magical moment is coming – we enter the studio. You are accompanied by a sound director and, if a piano is used in the recording, also a tuner.

Post-production

At this stage, we put the individual recordings into one coherent final version so that the future album sounds beautiful.

Graphic design

We are coming to the end! Our best graphic designers work to make your album please not only the ear, but also the eye.

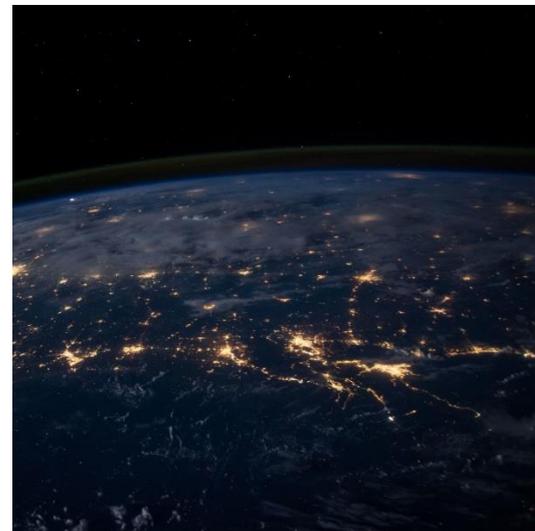

CD

Finally there it is! You hold your dream work in your hands – from now on you can share your music with others also in the form of a CD.

Streaming

In order to achieve international recognition, your album can also be found on streaming platforms (Spotify, Deezer, Tidal).

Marketing

We offer many marketing activities – each time we adjust them to your needs and the current stage of your career to create a dedicated, unique marketing plan. If something is not on our list – just ask!
